

Average earnings calculation and state aid payments to workers employed by companies affected by Covid-19 crisis 2/21/21

Idleness benefit and aid for wage subsidy are paid to workers for the period from 9 November 2020 to 30 June 2021. This article summarises key aspects a payroll accountant needs to consider when calculating average earnings for a worker that has received payments as part of state aid for companies affected by the Covid-19 crisis. The annual income tax filing season usually causes workers to scrutinise their income and it becomes important to correctly calculate income for past periods.
