

VAT in Digital Age package – main changes to VAT rules 1/49/24

In an earlier MindLink article we wrote about proposals for amending the value added tax (VAT) framework. The proposals mandate e-invoicing in cross-border transactions and require changes to how EU sales lists are completed. The proposals also place responsibility for collecting VAT on platforms through which transactions are made in the accommodation and transport sector, and the one-stop shop (OSS) scheme is to be expanded.
